

# Goal Contract

For your yearly goal you will need to use your goal brainstorming that you did for class.

Your proposal will need to follow the following guidelines:

- 1) It will need to be **one page, typed, double spaced, 12 point, Times New Roman, default margins.**
- 2) It should be neat and free of grammar and spelling mistakes. (Should be in paragraphs, not one large paragraph.)
- 3) It should include **thoughtful reflection** on your overall goal, how you **plan** on achieving it, and why you want to work on it.
- 4) You will need to detail each of your **quarter goals** and tell how they **relate** to the **overall goal.**
- 5) Your contract should also close with your **commitment** to work on and follow through with your goals.
- 6) You need to **sign the bottom of your proposal and date it.**
